

Sustainability

The Academic Subject Certificate in Sustainability provides students with an interdisciplinary introduction to core concepts of sustainability. This certificate will prepare students to transfer to UHWO: BAS in Sustainable Community Food Systems, UHMC: BAS in Sustainability Science 101 Management, or the UHM: Interdisciplinary Studies BA in Sustainability, Hawaiian Studies BA in Hawaiian Studies, Mālama 'Āina "track". Perhaps more importantly, it will help students to understand the interdisciplinary nature and relevance of sustainability in whatever major and career they choose.

Upon successful completion of this certificate, students will be able to:

- Define sustainability on local, national, and international levels.
- Identify the personal values and attitudes that can facilitate sustainable living.
- Describe how the individual relates to the wider issues of sustainability.
- Measure one's impact on the triple bottom line: People, Planet, Profit.
- Identify the sociocultural values and attitudes that facilitate sustainable living at the local, regional and global levels
- Apply concepts of sustainability to local, regional and/or global challenges.
- Demonstrate how concepts of sustainability are connected to local, regional and global issues.
- Describe how traditional and indigenous perspectives inform practices of sustainability.

This certificate consists of a minimum 12 credits.
